

No.	National indicator description
N1.	<p>Educational attainment of school aged Children in Need (CIN), excluding those who are looked after children*, including a breakdown for children who are the subject of a child protection plan.</p> <ol style="list-style-type: none"> <li>1. Percentage of children achieving at least level 4 at KS2 in both English and mathematics.</li> <li>2. Percentage of children who achieve 5+ A* -C grades at GCSE including English and mathematics.</li> </ol> <p>*For N1-3, this data is already published for looked after children, so we are excluding them from this information to focus on other children in need. We have also suggested that we show this information for children who are the subject of a CPP separately as feedback suggested this would be helpful and would not introduce any new burdens as these data are already collected from local authorities.</p>
N2.	<p>Attendance at school of school aged CIN, excluding those who are looked after children, including a breakdown of children who are the subject of a child protection plan.</p> <ol style="list-style-type: none"> <li>1. Percentage of sessions missed.</li> <li>2. Percentage classed as persistent absentees.</li> </ol>
N3.	<p>Exclusion from school of school-aged CIN, excluding those who are looked after children, including a breakdown of children who are the subject of a child protection plan.</p> <ol style="list-style-type: none"> <li>1. Percentage of children permanently excluded.</li> <li>2. Percentage of children with at least one fixed exclusion</li> </ol>
N4.	<p>The rate of violent and sexual offences against children aged 0-17 per 10,000 CYP population.</p>
N5.	<p>The rate of hospital inpatient admissions caused by unintentional and deliberate injuries to children and young people aged 0-17.</p>
N6.	<p>The rate of Accident and Emergency attendance caused by unintentional and deliberate injuries to children and young people aged 0-17.</p>
N7	<p>Rate of assessments per 10,000 of the CYP population.</p>
N8	<p>Rate of section 47 enquiries per 10,000 of the CYP population.</p>
N9	<p>Percentage of referrals leading to the provision of a social care service (as defined by the child becoming a child in need).</p>
N10	<p>Percentage of referrals to children's social care from different agencies, such as health visitors, accident and emergency services, probation trusts, police services, schools, etc (for full list, see note 2 at the end of this document) and the percentage that result in no further</p>

	action following the referral and also following the assessment.
