

Purchasing an ongoing or one-off

Carer Direct Payment

This guide is for setting up an ongoing or one-off Carer payment via Direct Payment. For increasing, decreasing or ending an existing ongoing Carer Direct Payment, please see the *Amending a Direct Payment Guide*.

Please note, if you are setting up an ongoing Carer Direct Payment, then the relevant payroll company needs to be involved around organising a prepaid card for these payments to be made.

The Mosaic process of purchasing a Carer DP, in summary:

- Open a Purchase Service (Personal Budget) workflow step
- Provide the missing information required under the Budget tab
- Add the Direct Payment provision under the Provision and Contributions tab
- Add a Carer element to that Direct Payment provision
- Send for authorisation to your manager
- Once authorised, select a next action of 'Purchasing Outcome'
- Then FINISH with the green tick, and a Purchase Order will be generated.

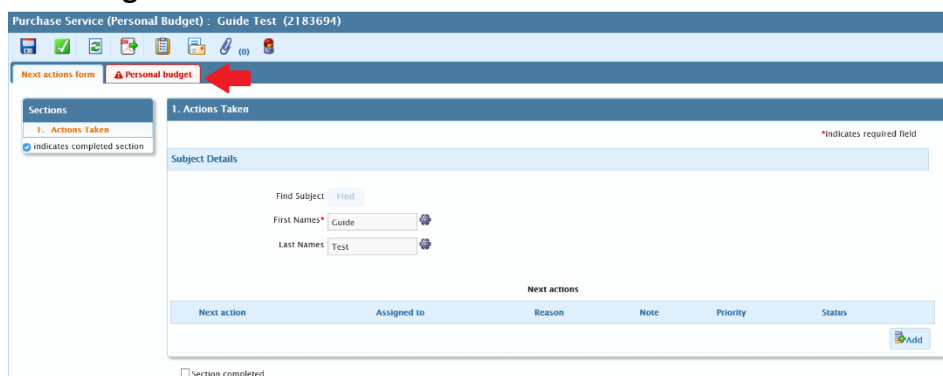

Opening a Purchase Service (Personal Budget) workflow step

You will generate a **Purchase Service (Personal Budget)** step, from your Carer Conversation workflow step or your Carer Review workflow step.

You are assigning this to yourself, as you the practitioner are completing the purchasing for Direct Payment.

Navigating the Purchase Service (Personal Budget) workflow step:

- When you first open this step, you will see two tabs. The 'Next actions' tab can be completed at the end. To start the purchasing of a Direct Payment, you need to click on the '**Personal budget**' tab:

- When you open the 'Personal budget' tab you will see the following. Take some time to familiarise yourself with this page:

- The **Total budget for period** is the Carer yearly budget. This is the amount of money generated from your Carer Conversation, pulling through to this step. In this example, it's £800.
- Note there are two tabs: The **Budget** tab (circled in green) is the tab showing at the moment, and the **Provisions and Contributions** tab (circled in purple). The Budget tab is where you will amend/add anything to do with the budget. The Provisions and Contributions tab is where all services are added- and in this case, where the Carer payment will be added.

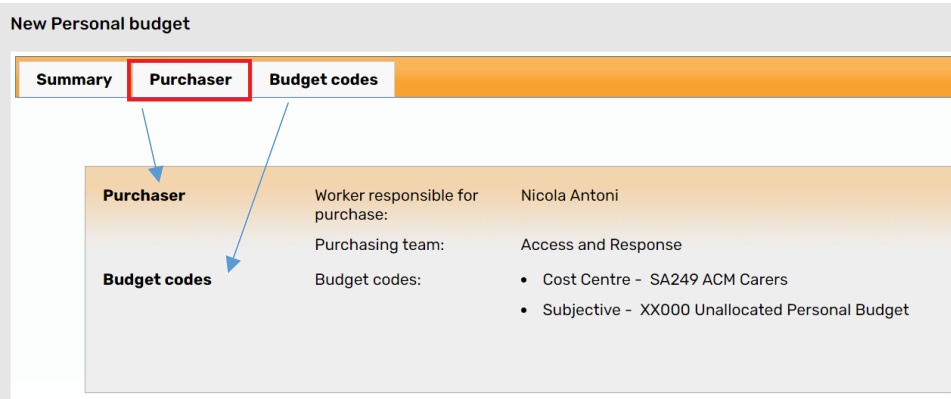

Provide the missing information required under the Budget tab

Please note, you only need complete the following actions in relation to the budget, if the Carer has not received a carer budget before.

If they have received a budget before, then this will run year after year, and will likely be available here already. No budget actions are required, and you can therefore skip this part (proceed to Page 4 of this guide).

- There are two issues you need to resolve here: one is to set the *Period Start Date* and the other is *Properties Incomplete*.

- Set the **Proposed Period Start Date**, which currently states 'Not set'. Click 'Set Budget Period' (black arrow indicates this above)
Enter the date you want this budget to start from (leaving the period duration as '12'), before selecting 'Save'.
- Next, provide the missing information required under **Properties Incomplete**, using the pencil icon (black arrow indicates this above).
(Please note, if it doesn't say 'Properties Incomplete' then you don't need to amend anything, and you can move onto the next step, Page 4 of this guide).
- Click the red warning note '**review and amend**', which will bring you to a page with three tabs.

Budget codes:

- Cost Centre - SA249 ACM Carers
- Subjective - XX000 Unallocated Personal Budget

- Under the *Purchaser* tab: Your team may have pulled through under Purchasing team, but please ensure it's the correct one. If not, select 'Find' and enter your team.
 - For instance, if you are in a neighbourhood team, and ASC Neighbourhood Team North has pulled through under 'Purchasing team' for example, this will need to be changed to **ASC Neighbourhoods**. This applies to any neighbourhood team.
 - If you are in the CYPDS team, you will need to change your Children's team (CSSW Young People with Disability Transitions Team 14-25 for example), to **CLDS Integrated Team – CYPDS** instead.
- Once a team has been entered, automatically the Carer budget code will appear, under the *Budget Codes* tab. You don't need to do anything further with this tab. (If the Carer budget code is not appearing, then please ensure you have added the 'Carer' service user group on the individual's front screen and that it is set as the primary group.)
- **Select 'OK'**, and you'll note on this page that the red warning with 'review and amend' has now gone as this has been completed.
Select 'OK' again to bring you back to the main page.

- The 'Properties Incomplete' status has been changed to 'Proposed', and we have now sorted everything we need to under the **Budget** tab:

Total Budget for period: £800.39
 Proposed Period Start Date: 16/12/2020
 Cost calculations will assume budgets/provision start on 16/12/2020 until start dates are entered

Total Allocated: £0.00

Add the Direct Payment provision under the Provision and Contributions tab

To provide a Carer with their budget/funds, we purchase this via a Direct Payment. We therefore need to add a Direct Payment provision.

- To add a Direct Payment provision, we need to select the **Provisions and Contributions** tab. If any services/ funds have ever been provided to this Carer, past or present, they will be listed here.
- To add a provision, simply select '**Add Provision**':

Total Budget for period: £800.39

Service

- DP Card Scheme
- LBC Direct Payment Scheme

- If you have decided that the Carer will receive a one-off payment for the year, then choose **LBC Direct Payment Scheme**.
If the Carer is to receive an ongoing budget over the year, through monthly payments on a prepaid Card, then choose **DP Card Scheme**.
Once you've selected an option, **click 'OK'**.

Ongoing Carer payment: If you choose DP Card Scheme option

- Fill in the relevant information, in relation to the DP you're setting up under the following tabs:

New DP Card Scheme > Change Standard Settings for Service

If the Carer has a yearly budget of £800 for instance, divide this by 52 (weeks of the year), and you will have the accurate weekly payment (£15.38 in this case).
The funds will be provided to the Carer monthly via their prepaid card, but are always calculated on the system as weekly.

- Once you have added in the cost information under the 'Delivery' tab, then **select 'OK'** which will bring you back to the main element page.

You can see your element has now been added and displays the cost that you've entered.

Selecting a next action, and finishing this step

- Once your manager has authorised the task, you need to 'Resume' the Purchase Service (Personal Budget) workflow step.
- On the 'Next action form' tab, select **Add**:

- You will see two drop-down options available. To complete this step and ensure the Direct Payment is set up/ the Carer receives their funds, select **Purchasing Outcome**.

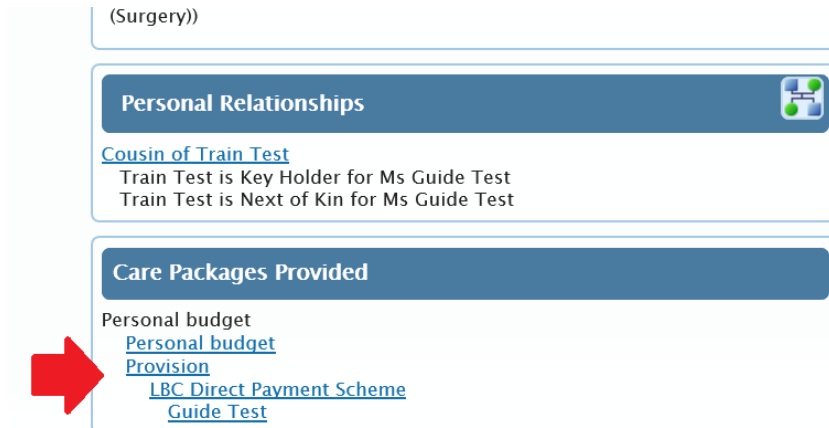

To abandon this step, as if you never created it (if opened in error for instance), choose **Abandoned Purchase**:

- Then 'Add and Close'
- Finally, you must **FINISH** this workflow step, using the green tick icon in the toolbar. Without finishing this step, the Direct Payment will not be in place.

- Once the finish icon has been selected, the step will generate a Purchase Order (PO). It's not necessary for you to keep this or send it to anyone.
- On the individual's front screen, you can now see the Direct Payment in place:
