

Story Boards - Good Practice on a Page

▶

What were the concerns?
(Worries? What needs to be different?)

Where were we? *(What was happening /not happening? Specific and from child's perspective)*

What difference have we made?
(Outcome? Impact? Use child parents/carers' own words where you can)

What did we do? *(Focus on agency of SW/manager, what they did or enabled to happen, any obstacles and how these were overcome?)*
