## Purpose of dashboard

An overview of all Children Looked After showing how up to date that child's reviews, health assessments and dental checks are. Users can filter the dashboard by IRO.

### *Behaviour on drill-down*

All cards allow users to drill-down to a list allowing the users to see details of the cases or pieces of work shown in the card.

### Overdue Reviews

Shows a count of the number of Children Looked After who are overdue for a Child Looked After Review.

See 'Glossary of Terms' document for how often a Child Looked After Review is expected and how they are recorded.

### Reviews due next 7 days

Shows a count of the number of Children Looked After who are due for a Child Looked After Review in the next 7 calendar days.

See 'Glossary of Terms' document for how often a Child Looked After Review is expected and how they are recorded.

### Reviews due next 8-28 days

Shows a count of the number of Children Looked After who are due for a Child Looked After Review between 8 and 28 calendar days from today.

See 'Glossary of Terms' document for how often a Child Looked After Review is expected and how they are recorded.

### Reviews due 29+ days

Shows a count of the number of Children Looked After who are due for a Child Looked After Review 29 days or more calendar days from today.

See 'Glossary of Terms' document for how often a Child Looked After Review is expected and how they are recorded.
